

Name: _____

Summer IXL Assignment (Optional)
Course: 6-1 Enrichment Math

Below you will find a list of 10 IXL Lessons. These lessons pertain to skills that should have been mastered during the school year and are important for students to maintain their understanding. Please complete each lesson to a minimum score of 80, which is a score of “proficiency” for that skill/concept that you are working on. When you reach a score of 80, please have a parent/guardian record the smart score, initial, and date next to that lesson as verification that you have completed the lesson. Please turn in this sheet to your math teacher at the beginning of the school year.

Lesson	Smart Score	Initials	Date Completed
5.V.1 Write variable expressions			
5.X.6 Make predictions			
5.EE.5 Area of triangles			
5.Z.3 Compare and convert customary units of weight			
6.K.5 Multiply two fractions using models			
6.F.7 Round decimals			
5.L.22 Complete addition and subtraction sentences with mixed numbers			
6.K.7 Multiply fractions: word problems			
5.G.5 Convert decimals between standard and expanded forms			
6.O.9 Evaluate numerical expressions involving fractions
