

Name: _____

Summer IXL Assignment (Optional)
Course: 7-2 Math

Below you will find a list of 10 IXL Lessons. These lessons pertain to skills that should have been mastered during the school year and are important for students to maintain their understanding. Please complete each lesson to a minimum score of 80, which is a score of “proficiency” for that skill/concept that you are working on. When you reach a score of 80, please have a parent/guardian record the smart score, initial, and date next to that lesson as verification that you have completed the lesson. Please turn in this sheet to your math teacher at the beginning of the school year.

Lesson	Smart Score	Initials	Date Completed
5.V.1 Write variable expressions			
5.X.6 Make predictions			
6.G.3 Estimate sums and differences of decimals			
6.S.2 Compare percents to each other and to fractions			
6.K.5 Multiply two fractions using models			
6.F.7 Round decimals			
5.L.22 Complete addition and subtraction sentences with mixed numbers			
6.K.7 Multiply fractions: word problems			
6.I.9 Convert between improper fractions and mixed numbers			
6.O.9 Evaluate numerical expressions involving fractions
